Register and payment at
homemail.org/chesstournaments

This monthly tournament divides players into small sections by USCF rating, usually 8 players per section. This unique format combines kids and adults and ensures that all games are near your rating, not too easy and not too hard. Slower rounds allow for more thinking time to improve your game. Cash prizes at all levels, both individual and family, provide for added excitement. Now in our fourth month, we are lower the minimum USCF rating to 400 so that more kids can play.
